

**lightbox**  
fabric\_frame® by CCS

more than  
just light

## modular lightboxes

have a high individuality to compose visual impact with

- photos
- graphic design
- branding

the installation is unique and simple and can be done without expertise

the high end illustration

- has no light reflexion
- is without raster
- is photo realistic

almost all dimensions feasible: ask us for dimensions

there are many possibilities of use:

- image wall
- sound absorbent wall
- room partition
- mobile exhibition wall

single or double sided lightbox

flame resistant  
DIN 4102 (B1)

lightbox patent  
EP 1866897

the time and effort of transport is very comfortable as the lightbox

- is demountable
- and can be transported by station waggon

simple and fast change of prints

set it up where and how you want

- free standing
- suspended

the modular system allows you to expand your existing frame to your needs

lightboxes improve the room acoustics (depending on location)

## CCS digital\_fabric®
