

# roomdivider

fabric\_frame® by CCS

market and  
communicate  
yourself  
at its best

## the fabric\_frame® mobile room divider

have a  
individuality to  
compose visual  
impact with

- photos
- graphic design
- branding

simple and fast  
change of prints

the modular  
system allows  
you to expand  
your existing  
frame to your  
needs

almost all  
dimensions  
feasible:  
ask us for  
dimensions

the high end  
illustration

- has no light  
reflexion
- is without raster
- is photo-realistic

this system  
improves the  
room acoustics  
- it flattens the sound  
(depending on location)

there are many  
possibilities of use:

- image wall
- sound absorbent wall
- room partition
- changing room
- mobile exhibition wall
- rest area

flame resistant  
DIN 4102 (B1)

the time and effort of  
transport is very comfortable  
as the room divider

- is demountable
- and can be transported  
by station wagon

use it

- free standing
- suspended
- or even on ball casters

## CCS digital\_fabric®

**We are experts on**

digital large format textile prints

- standard fabrics
- illuminated fabrics

**fabric\_frame®** –  
modular framing systems  
and lightboxes

- standard fluorescent lamps
- LED technique

mobile display systems

- i.e. Roll Up or simple banners

# stay flexible

stressfree assembling  
without any special tools:

assemble  
the frame

connect the  
wall sections

insert  
the fabrics

there you go!

hinge

swinging out foot (i.e. steel plate)

Our Know-how matches  
all your requirements
